Description

Pharmacy Practice Program (PGY1) - East Bay

This program is designed to provide a comprehensive and challenging experience for PGY1 residents. Residents will receive a mix of clinical and non-clinical rotations, including:

- Core Rotations: Internal Medicine, Family Medicine, Pediatrics, and Geriatrics.
- Elective Rotations: Cardiology, Endocrinology, Infectious Disease, and Oncology.
- Longitudinal Experience: Continuity of care in a primary care setting.

The program emphasizes the development of clinical skills, patient care, and professional growth. Residents will have access to a variety of resources, including a dedicated faculty, a supportive environment, and a focus on patient-centered care.
